News for Faculty: Penn State’s Preparations for Fall 2020

This twice-weekly email is designed to provide faculty with Penn State’s pandemic-related news and updates as the University prepares for the Fall 2020 semester. Watch for these emails on Tuesdays and Fridays, with additional “special editions” delivered periodically. Previous faculty news digests are archived here.

QUESTIONS FROM FACULTY

Q: **Do I need to wear a mask when I am outside on campus?**

A: In accordance with the Centers for Disease Control and Prevention and public health guidelines, wearing face masks and adhering to social distancing practices, including maintaining six feet of physical distance between another person, are critical components in helping to maintain the health and safety of the entire campus community. Students, employees and visitors are required to practice physical distancing and wear face masks/coverings at all times in campus buildings; outdoors when they cannot be physically distant from others; and whenever state or local laws require.

For the full response, please visit the article in Penn State Today.

Q: **Am I required to provide my course in an alternate delivery mode for students who cannot participate in the particular delivery mode designated for my course?**

A: No, instructors are not required to provide courses in delivery modes other than the delivery mode designated for their course. Instructors should consider how students may make up missed work if students are out for short or lengthy periods of time.

For student expectations for in-person courses, review the in-person details page. Students are expected to attend all classes in-person. Instructors should follow Faculty Senate policy 42-27—Class Attendance, with some flexibility. If a window of absence is lengthy, instructors may need to consider additional flexibility.

Although instructors are not required to provide courses in delivery modes other than the one designated or prepare their courses in multiple delivery modes, they may be asked to consider alternative ways for students to participate, especially if students who have chosen Learn from Home options have no other course sections to choose from. Not all courses can be offered in a different mode than that originally scheduled.
